Welcome to the Smarter HR website

Good news for business owners and managers who run SMEs
Despite the uncertainties of the economy there is some good news for business owners and managers who run SMEs. If you have inadequate human resources support, or need an instant HR based resolution, Smarter HR can provide the cost-effective option by delivering a comprehensive range of HR solutions... without the need for permanently employed staff.

We are understanding... and aware that down-sizing and cost-cutting is unavoidable for many companies, but remaining legal and compliant through the minefield of regulations can cause major problems for the under-prepared. Conversely these practices must also be observed by companies experiencing stability or growth, because expert recruitment, retention, development and management of assets and personnel is now a vital consideration at all levels.

Whatever a company's current position, Smarter HR offer a wide range of cost-effective services dedicated to providing assistance... **fast!**

We are flexible... in providing service options, and that means offering better value. Outsourcing HR services through Smarter HR means it is no longer necessary to employ a full time HR employee and the majority of tasks can be performed at a fraction of the cost – because we are not on your payroll.

We can really help... addressing the critical and mundane tasks, dotting the 'i's and crossing the 't's to make sure everything runs smoothly and legally in-house. In addition, companies often find that by outsourcing HR personnel, enabling them to concentrate fully on their core business, they can improve their overall profitability.

foot d-tox

The easiest way to start to detox ever! One treatment will be enough to impart a sense of relaxation and wellbeing and your body will, if properly hydrated, begin to detox. The response of a rebalanced body is to excrete any excess toxins via the kidneys, liver bowels and skin AFTER treatment. A course of treatments will be necessary in most cases if you want your body to re-balance itself to the best health it can achieve along with a healthier diet and lifestyle.

reflexology

This therapy involves massaging the 'reflex' areas in the feet which correspond to the various parts of the body. It is effective for conditions involving congestion and or inflammation such as sinus problems, digestive disturbances and menstrual problems. A reflexology treatment is relaxing making it popular for treating stress-related disorders, calming anxiety, alleviating tension and encouraging restful sleep.

£29.00

indian head massage

The aim of Indian Head Massage is to release the stress that has accumulated in the tissues, muscles and joints of the head, neck and shoulders. It helps to alleviate anxiety and stress and promotes peace, calm and balance.

£26.00

reiki

A Japanese form of hands on energy healing. Reiki aims to promote health and wellbeing at a pace to suit the individual. It is a gentle non invasive treatment leaving you feeling calm, refreshed and comfortable.

£32.00

hot stone massage therapy

Using various massage techniques and warm basalt stones, this treatment will relax the body at the deepest level. Negative energies will be neutralised, over stimulated areas will be balanced, areas depleted of energy will be re-energised. This will induce a feeling of well being, harmony and balance.

Full Body £50.00
Back, Neck and Shoulders £35.00

dao yin tao

A harmonious blend of softened and adapted Chinese and Western massage and acupressure skills. This creates a powerful synergy and brings relaxation and balance to the whole body through contact on the Head, Face, Neck and Shoulders.

£30.00

hopi ear candles

Soothing and helpful for earache and headache, ear noise, stress and nervousness. The ear candles induce a pleasant feeling of warmth and balances pressure in the forehead, ears and sinuses.

£26.00
